

# LINCOLN'S GIFT OYSTER STOUT

## STOUT BREWED WITH BLUFFTON OYSTER CO. OYSTERS

Union General William Tecumseh Sherman torched most of the Confederate South on his 1864 March to the Sea, but his swath of destruction met its end when he came upon the lovely city of Savannah, GA. Overcome by its beauty and bounty, tough old Sherman presented an unscathed Savannah to President Abraham Lincoln as a Christmas gift.

Service Brewing Co. honors the 16th president of these United States with a beer based on one of Lincoln's other favorite gifts—the kind that come from the sea. Lincoln's Gift is a sweet stout brewed with locally harvested May River oysters, giving this traditional dark beer a slightly briny character.
